

Cat[®] M316D Wheel Excavator Die-Cast Model From Norscot Offers Multiple Moving Parts

The new 1:50 scale die-cast replica of the Cat[®] M316D Wheel Excavator broadens the line of Caterpillar[®] excavators available from Norscot Scale Models while delivering a wide range of detailed, movable parts.

Offering great mobility and speed, Caterpillar's wheel excavators are often referred to as the most versatile machines in the fleet.

Features of the model include:

- Main body swivels 360 degrees
- Wheels turn
- Boom raises and lowers
- Clear windows with interior detail
- Outriggers raise and lower

“Over the years, excavators have been among the most sought-after of all scale model types,” said Scott Stern, Norscot’s president and chief executive officer. “We’re delighted to add to our line. More than ever, Norscot is the die-cast collector’s headquarters for Caterpillar excavators.”

Item Number 55171 is 6 inches long, 2-1/4 inches wide and 3-1/8 inches high (15.24 x 5.72 x 7.94 cm).

Caterpillar models made by Norscot are available at participating Cat dealers and at retailers throughout the world.
