

Norscot Introduces “Construction Mini’s,” Die-Cast Replicas of Cat[®] Machines

Breaking new ground in affordable, collectible miniature die-cast vehicles, Norscot has just introduced a line of four “Construction Mini’s,” which replicate real Caterpillar[®] equipment in models scarcely 2 inches in length. All have authentic nomenclature and decoration in Caterpillar colors, multiple moving parts, and even come with their own clear display cases. Suggested retail price of each model is \$1.97.

The models are available at participating Caterpillar Dealers and at selected Wal-Mart stores.

The specific models and their key features include:

Cat 420E Backhoe Loader

- Moving loader arm and backhoe boom
- Rolling wheels with authentic tire tread designs

Cat 315C L Excavator

- Articulating boom and stick
- Machine rotates 360 degrees on chassis

Cat 906 Compact Wheel Loader

- Articulated steering
- Raising and tilting bucket
- Rolling wheels with authentic tire tread designs

Cat D5G XL Track-Type Tractor

- Raising and tilting dozer blade
